2.1 DELIVERY OF TRAINING

Students will receive all the training for which they have enrolled. To be awarded a qualification, all assignments and assessments must be completed to a satisfactory level and submitted in accordance with instructions and within timeframes prescribed. Students are advised of the specific requirements to receive a qualification in their area of study as part of enrolment and when training delivery commences.

ACBC takes responsibility for the quality of the training and assessment being provided to students, and for the issuance of AQF certificates.

2.2 STEPS FOR STUDENT RECRUITMENT, SELECTION & ENROLMENT

Recruitment

The College advertises its courses on-line, in various newspapers, directories, on radio and on television and promotes courses at careers expos and school visits. Interested applicants are requested to telephone the College to enquire about the qualification content.

A Careers Advisor explains the various qualifications offered to applicants including details of qualification duration, qualification outcome and other requirements.

As part of this process, applicants are invited to inspect the College facilities and participate in an interview. Applicants are requested to bring copies of documents related to previous school or tertiary education and/or work history to the interview.

Students are recruited responsibly and ethically at all times and recruitment is consistent with the requirements of qualifications and curriculum, RTO Standards and VET FEE Help guidelines.

The recruitment process and all operational procedures incorporate access and equity policies. The organisation prohibits discrimination towards any group or individuals in any form, inclusive of:

- Gender
- Pregnancy
- Race, colour, nationality, ethnic or ethno-religious background
- Marital status
- Homosexuality (male or female, actual or presumed)
- Age (in relation to compulsory retirement)
- Physical or intellectual or psychiatric disability or individuals who have any organism capable of causing disease.

Programs are designed and wherever possible facilities set up to enhance flexibility of delivery. It is our goal to maximise the opportunity for access and participation by disadvantaged students.

Unique Student Identifier (USI)

As part of the enrolment process, ACBC staff shall collect details of students USI and/or facilitate the creation and recording of the USI. This process addresses in general the requirements of RTO Standard 3.6

Orientation

An orientation session is arranged for all students. At the orientation, students are provided with details of how to access the current version of the ACBC student handbook (ACBC Website). They are also provided with information on their timetable, textbooks, and college facilities. The orientation session also provides students with an opportunity to ask questions and meet College personnel.

2.3 SAFETY

ACBC is committed to providing a safe environment in which to participate in training and assessment. The following guidelines are provided as a basis for safe practice in the training environment:

- Know and observe details of emergency response and evacuation plans
- Do not undertake activities which may cause injury to self or others
- Be responsible for your own actions
- No smoking at the training and assessment facilities or offices
- Report all potential hazards, accidents and near misses to the RTO staff
- No consumption of alcohol within training and assessment facilities or during the conduct of training and assessment
- Keep training and assessment areas neat and tidy at all times
- Seek assistance if you volunteer to lift items e.g. move furniture in a training area
- Observe hygiene standards particularly in eating and bathroom areas.

Electrical equipment

- Electrical equipment that is not working should be reported to RTO staff.
- Electrical work should only be performed by appropriately licensed or trained personnel. Students, trainers and assessors should not undertake any task related to fixing electrical equipment such as lighting or electrical training aids.

- All personal equipment used at college must have a valid 'testing tag' to confirm that the equipment has been assessed for safety.
- The college can arrange tagging and testing for students. A fee may apply.

Fire safety

- ACBC will undertake to communicate the procedures involved in evacuation and the location of fire equipment to students at each facility for each training and assessment event; and to users of the office at least twice each year.
- All users of a training and assessment facility need to be familiar with the location of all EXITS and fire extinguishers. Users will consult available maps to determine location.
- It is the user's responsibility to understand fire drill procedures displayed around the premises.
- Users are asked to attend any sessions on fire safety procedures and the use of fire safety devices.

Computer facilities

- Extended periods of work with computers can result in general fatigue and eye strain. Repetitive tasks and incorrect posture will result in consistent aches and pains.
- Current workplace health and safety guidelines indicate that people working for long periods at computers should organise their work so as to allow a five to ten minute rest every hour. This rest should include a change of position and stretching exercises as appropriate.
- Posture can be improved by adjusting chair height so that the operator's feet are comfortably placed on the floor (or footrest) and your arms are at an approximate 90-degree angle.
- The screen should be positioned to avoid reflection from lights and windows and at a suitable distance so that it can be easily read.

Lifting

- Students, trainers and assessors are encouraged not to lift anything related to the training and assessment provided by ACBC unless they do so voluntarily and taking all responsibility for any injury caused.
- Never attempt to lift anything that is beyond your capacity.
- Always bend the knees and keep the back straight when picking up items.
- If you have experienced back problems in the past, do not attempt to lift heavy objects at all. Ask someone else to do it for you.
- Use a trolley where appropriate. A trolley is available at each campus.

Work and study areas

- Always ensure that all work areas are clean and clear of clutter so as to avoid the danger of accident by tripping or falling over.
- Place all rubbish in the bins provided.

First aid

- Provision for first aid is available where training is delivered.
- All accidents must be reported to RTO staff.
- The accident and any aid administered must be recorded by staff involved

2.4 EQUITY & PRIVACY

Your equity

ACBC is committed to ensuring that the training and assessment environment is free from discrimination and harassment, and that decisions related to assessment are equitable and fair. All ACBC staff members (including contractors) are aware that discrimination and harassment will not be tolerated under any circumstances. In the event that discrimination and harassment is found to have occurred, disciplinary action will be taken against any staff member who breaches this policy. Suspected criminal behaviour will be reported to police authorities immediately.

Students should expect fair and friendly behaviour from ACBC staff members and we apply complaint-handling procedures advocated by the Australian Human Rights and Equal Opportunity Commission (HREOC).

Students who feel that they have been discriminated against, bullied or harassed should report this information to a staff member of ACBC that they feel they can trust. This will initiate a complaints handling procedure which will be fair and transparent and will protect your rights as a complainant. Alternatively, if a student wishes to report an instance of discrimination or harassment to an agency external to ACBC, they are advised to contact the HREOC Complaints Info-line on 1300 656 419.

Your privacy

Australian Careers Business College takes the privacy of students very seriously and complies with all legislative requirements and obligations related to privacy. ACBC has in place a Privacy Policy which meets the requirements of the Privacy Act 1988 (as amended). This includes the Privacy Amendment (Enhancing Privacy Protection) Act 2012 (Privacy Amendment Act) and subsequent Privacy Regulation 2013, made under the Privacy Act, which commenced in March 2015.

The ACBC APP Privacy Policy (March 2015) can be found on the ACBC website. The policy sets out how ACBC collects, manages and uses information. Students should access and review the APP Privacy Policy and seek clarification or further information regarding privacy from an ACBC Careers Advisor as required.

Access to your records

Students are entitled to have timely access to current and accurate records of their participation and progress on request. You may require these to monitor your progress with training or simply to go back and confirm something in a previous training module. Whilst these records will be retained by Australian Careers Business College, you are welcome to have access anytime and request a copy. If you require access to your records, please make a request to the Campus Manager and it will be organised.

2.5 CONTINUOUS IMPROVEMENT

Our continuous improvement of services

ACBC is committed to the continuous improvement of our training and assessment services, Student services and management systems. Central to this commitment is our approach to continuous improvement and the procedures we apply to achieve systematic and sustained improvement.

Learner Satisfaction Survey

At the completion of your training program, you will be issued with a Learner Satisfaction Survey. This is a nationally consistent survey tool, which is designed to collect feedback from students about their experience with an RTO and in undertaking nationally recognised training. Your completion and return of this survey is important to ACBC for our ongoing improvement of services and to enable us to report this information to our registering authority. Your assistance in gathering this survey data is greatly appreciated.

2.6 MARKETING AND ADVERTISING

ACBC is committed to integrity and accuracy in its marketing activities. The information provided to clients avoids vague or ambiguous statements and false or misleading comparisons with other providers or qualifications.

2.7 ASSESSMENT

Assessment is competency based. This means that training is delivered based on units of competency developed by industry to national standards. Students' knowledge and skills are assessed against these units of competency based on what they 'can do' and know.

When students can demonstrate competency or show that they can demonstrate their understanding or skill, they can be assessed as competent. If a student is not successful on the first attempt, he/she is provided with feedback and given further opportunities to demonstrate competency (See Failure to Submit Policy).

Assessment at the College incorporates the requirements of the RTO Standards 2015, and in particular, Standard 1. All assessments meet the assessment criteria of a training package on which the qualification is based.

Trainers/Assessors employed by ACBC are required to have:

- Relevant vocational competencies at least to the level or preferably higher than the level delivered or assessed
- TAE40110 Certificate IV in Training and Assessment and hold or demonstrate equivalent competency for the unit TAELLN401A Address adult language, literacy and numeracy skills.
- Current industry skills/experience
- Continuous professional development of Vocational Education & Training (VET) knowledge and skills
- Trainers/Assessors employed by ACBC are required to have qualifications and skills as required by the determination of the National Skills Standards Council of 17 June 2013.

It is important to note that to be eligible for assessment, students must complete all Units of Competency requirements

2.7.1 RETENTION OF STUDENTS' WORK

ACBC is required by the VET regulator to retain and securely store completed student assessments for verification and review purposes for a minimum of 26 weeks after the date of assessment. Students may request the return of their work by writing to the Campus Manager after this period has passed. ACBC reserves the right to dispose of materials not claimed after the retention period has elapsed.

2.8 ASSESSMENT APPEAL PROCESS STEPS

What is an appeal?

An appeal is an application by a student for reconsideration of an unfavourable decision or finding during training and/or assessment. An appeal must be made in writing and specify the particulars of the decision or finding in dispute. Appeals must be submitted to ACBC within 14 days of the student being informed of the assessment decision or finding.

Students are provided with a copy of the unit of competency requirements prior to being assessed.

The steps are:

- 1) Assessment requirements are explained in detail to students.
- 2) Assessment events are arranged by trainers and assessments are conducted using standard assessment tools (workplace projects, written assignments, tests, practical exercises, role-play) which have been developed to meet the requirements of the qualification.
- 3) Assessors provide feedback to students on performance and discuss areas where further learning/practice may be required. Where a student is assessed as competent, he/she is advised of the results and results are posted in their student records.
- 4) Where a student assessment is assessed as not yet satisfactory, the student is allowed the opportunity to resubmit the assessment.
- 5) Students may appeal assessment decisions. This involves the student completing an Application for Assessment Appeal form and submitting it to the Campus Manager.
- 6) The appeal will be reviewed by the Education Manager/Director of Studies.
- 7) Students will be notified in writing of the outcome of their appeal by the Campus Manager.
- 8) Where the appeal is not resolved through this process, students may request an independent assessment or choose to redo the unit. A fee may be payable.

2.9 CERTIFICATION OF COMPLETION

The College issues students who are assessed as competent a VET qualification for full completion of the qualification or a VET Statement of Attainment for partial completion, within the RTO Standards 2015, that meet the Australian Qualifications Framework AQF. These are:

- a. **FULL QUALIFICATION:** The Qualification levels are Certificate II, Certificate III, Certificate IV, Diploma or Advance Diploma. The qualification is only issued when the student demonstrates all the required competencies for the qualification
- b. **PARTIAL QUALIFICATION:** A Nationally recognised Statement of Attainment is issued for partial completion of a qualification for the units in which competency is achieved.

In accordance with RTO Standard 3.3 AQF certification documentation is issued to a learner within 30 calendar days of the learner being assessed as meeting the requirements of the training product if the training program in which the learner is enrolled is complete, and providing all agreed fees the learner owes to the RTO have been paid.

2.10 RECOGNITION POLICY

In accordance with the requirements of the RTO Standards 2015, ACBC provides the opportunity for students to apply to have prior learning recognised toward a qualification or units of competence for which they are enrolled.

Recognition generally takes two forms: recognition of prior learning and credit transfer.

Recognition of Prior Learning (RPL)

RPL involves the assessment of previously unrecognised skills and knowledge an individual has achieved outside the formal education and training system. RPL assesses this unrecognised learning against the requirements of a unit of competence in respect of both entry requirements and outcomes to be achieved. By removing the need for duplication of learning, recognition encourages an individual to continue upgrading their skills and knowledge through structured education and training towards formal qualifications and improved employment outcomes. This has benefits for the individual and industry. Most importantly, it should be noted that recognition is just another form of assessment and requires the same application of policy and procedures outlined in the Assessment section of this manual.

RPL is a formal acknowledgment of skills/knowledge/competencies already obtained through:

- Formal education
- Work experience
- Life experience

If a student's prior learning through formal training or at work is relevant to the qualification then the student may be exempt from some components of the qualification. The advantage of a successful application is that students will not have to repeat a subject in which they have already achieved a competency.

All students are eligible to apply for RPL. An assessment fee of \$450 per unit of competency applies.

The granting of RPL will result in a reduction in student tuition fees. The amount of fees reduction is dependent on the number of units for which RPL has been granted and the qualification which the student is enrolling in.

Steps to apply for RPL

- 1) Students wishing to apply for RPL should complete the following steps :

- 2) Students will be required to complete an Application for RPL form and attach supporting documentary evidence.
- 3) Applications for RPL skills recognition will be processed by the Director of Studies promptly and applicants will be informed in writing of the application outcome within 15 working days. Where RPL has been granted, students will be informed of the amount of reduction in tuition fees and the commencement date of their qualification. The letter will also inform applicants of their ability to appeal the decision if not satisfied, by writing to the Director of Studies within 14 days.
- 4) Appeals to the Director of Studies shall be accepted in cases where RPL skills recognition is not granted. Appeals must be made within 14 days of the original decision.

Credit Transfer (CT)

As a condition of registration, the College is required to recognise and grant Credit Transfer for Nationally Recognised qualifications from other RTOs. This is called national recognition.

Steps to apply for CT

- 1) Students to review the unit descriptions in the qualification outline and make an initial self-assessment of the units for which they wish to apply for Credit Transfer.
- 2) Complete an *Application for Credit Transfer* form which is available from Student Administration at the College and lodge the application along with evidence to support the application. Qualifications and Statements of Attainment issued by other RTOs must be originals or appropriately certified copies.
- 3) The Director of Studies will review the CT application form and note on the form whether the units applied for are approved or not.
- 4) The granting of CT will result in a reduction in student tuition fees for fee-paying students. The amount of fee reduction is dependent on the number of units for which CT has been granted and the qualification which the student is enrolling in.
- 5) Applicants are advised of the decision in a CT letter within 5 working days. Where Credit has been approved, students will be informed of the amount of reduction in tuition fees and the commencement date of their qualification the letter will also inform applicants of their ability to appeal the decision if not satisfied, by writing to the Director of Studies.
- 6) Appeals to the Director of Studies shall be accepted in cases where the applicant is not satisfied with the decision.
- 7) Appeals must be made within 14 days of the original decision.
- 8) A copy of the Credit Transfer Application and the Letter are placed in the Credit Transfer folder and stored in Student Administration.

2.11 STUDENT COMPLAINT PROCEDURE

Student Complaints and Appeals Procedure and Policy

PURPOSE: To ensure that all complaints and appeals made by students are dealt within a constructive and timely manner.

What is a complaint?

A complaint is negative feedback about services or staff which has not been resolved locally. A complaint may be received by ACBC in any form and does not need to be formally documented by the complainant in order to be acted on. Complaints may be made by any enrolled student.

It may relate to a student's expression of dissatisfaction with any aspect of ACBC's services and activities, such as:

- the enrolment, induction/orientation process;
- the quality of education provided;
- academic matters, including student progress, assessment, curriculum and awards in a VET course of study;
- handling of personal information and access to personal records;
- the way someone has been treated.

Natural Justice and Procedural Fairness

Complaints and Appeals are managed at ACBC in accordance with the principles of 'procedural fairness', also known as 'natural justice'. Both terms are used interchangeably. The opportunity to be heard by an impartial decision maker is at the heart of the rules of procedural fairness/natural justice. It requires a procedurally fair hearing and an unbiased decision being made. All parties to a complaint (complainant and respondent) must be afforded natural justice.

These rules of Natural Justice apply whenever the rights or legitimate expectations of an individual are affected by a decision. Satisfying the rules of natural justice and procedural fairness will vary according to the specific circumstances. There are however important basic principles that apply to every situation.

Natural Justice requires:

- the right to be heard;
- the right to be treated without bias;
- a decision being based on relevant evidence.

It is also important that in making decisions, decision makers take into account relevant considerations; do not take into account irrelevant considerations; and act for a proper purpose.

When you register a complaint or appeal at ACBC, you can be assured that your matter will be heard in accordance with the guidelines set out in this document.

Early resolution of complaints and appeals

In all cases, issues that arise during training and assessment that are the source of frustration or are in dispute should be resolved at the time they occur between the persons involved, where possible. Sometimes, it will not be possible and in these cases, you are encouraged to come forward and inform us of your concerns with the confidence that you will be treated fairly.

Procedure

This procedure can be utilised by students, including potential students, enrolled, or seeking to enrol, in a qualification with ACBC to submit a complaint of an academic or non-academic nature. Complaints of an academic nature include matters related to student progress, assessment, curriculum and awards in a VET course of study. Complaints of a non-academic nature cover all other matters including complaints in relation to personal information that ACBC holds in relation to the student.

During all stages of this procedure, ACBC will take all steps to ensure that:

- the complainant and the respondent will not be victimised or discriminated against;
- the complainant has an opportunity to formally present their case and each party to the complaint may be accompanied and assisted by a support person at any relevant meetings;
- a full explanation in writing for decisions and actions taken as part of the process will be provided if so requested by the complainant or the respondent;
- where the internal or external complaint handling or appeal process results in a decision that supports the complainant, ACBC will immediately implement any decision and/or corrective and preventative action required and advises the complainant of the outcome.

There is no cost to the complainant for utilising this complaint and appeals process.

Before an issue becomes a formal complaint

Students are encouraged, wherever possible, to resolve concerns or difficulties directly with the person(s) concerned. The administration support staff are available to assist students to resolve their issues at this level.

STAGE ONE – Formal Complaint

Formal complaints must be submitted in writing to the Campus Manager using a *Student Complaint/Appeal Form* available from Administration. Receipt of the complaint will be acknowledged within five working days and the complaints process will commence within ten days of the receipt of the written complaint and all reasonable measures will be taken to finalise the process as soon as practicable.

The Campus Manager, or their nominee, will then if necessary, seek to clarify the outcome that the complainant hopes to achieve. Such clarification may be sought by written or verbal request or by a face-to-face interview with the complainant. When such clarification occurs in a face-to-face interview the complainant or respondent may ask another person to accompany them.

The Campus Manager, or their nominee, will then endeavour to resolve the complaint and provide a written report to the complainant on the steps taken to address the complaint, including the reasons for the decision, within ten working days. The report will further advise the complainant of their right to access the internal appeals process if they are not satisfied with the outcome of their formal complaint.

STAGE TWO – Internal Appeal

If a complainant is dissatisfied with the outcome of their complaint, they may lodge an appeal by writing to the CEO (who is senior to the original decision maker). An appropriate person or committee will be appointed to consult with the complainant and other relevant parties within ten working days.

Where possible such consultations should take the form of face-to-face interviews. The complainant or the respondent may ask another person to accompany them to these interviews.

Following the consultation, the CEO, or their nominee, will provide a written report to the complainant advising the further steps taken to address the complaint, including the reasons for the decision, within ten working days. The report will further advise the complainant of their right to access the external appeals process if they are not satisfied with the outcome of their internal appeal.

STAGE THREE – External Appeal

If the complainant is dissatisfied with the outcome of their appeal, they may make a written request to ACBC that they wish the matter be dealt with through an external dispute resolution process facilitated by an independent third party mediator acceptable to both parties.

An independent mediator will be accessed within fourteen working days. It is then up to the mediator, the complainant and ACBC to resolve the complaint. ACBC will bear any costs related to mediation. The complainant or the respondent may ask another person to accompany them to meetings with the mediator.

The mediator will report to the CEO, or their nominee, the outcome of the mediation, including any recommendations arising, within fourteen days of the completion of the review. Once the CEO or their nominee receives the report of the outcomes from the discussion or mediation, they will provide a written report to the complainant within ten working days on the recommended actions to resolve the complaint. ACBC agrees to be bound by the independent mediator's recommendations and the CEO, or their nominee, will ensure that any recommendations made are implemented within thirty days of receipt of the mediator's report.

Further action

This agreement and the availability of the complaints and appeals processes do not remove your right to take action under Australia's Consumer Law (effective 1 January 2011). Students seeking to make an external complaint about any administrative decision should do so after following the Colleges appeals processes by contacting:

NSW Department of Fair Trading

Telephone 13 32 20

www.fairtrading.nsw.gov.au

For complaints relating to an alleged breach of the colleges' APP Privacy Policy, students should use the college's prescribed internal processes for managing complaints as described in this student handbook. If unsatisfied with the handling of a complaint related to privacy, the individual should contact the Office of the Australian Information Commissioner to commence external complaint proceedings. Details of how to make a complaint externally can be found on the website of the Office of the Australian Information Commissioner <http://www.oaic.gov.au/privacy/making-a-privacy-complaint>.

If a complaint remains unresolved after the external appeal through Fair Trading, the complainant shall be referred to the National Training Complaints hotline:

Consumers can register a complaint with the National Training Complaints Hotline by:

Phone: 13 38 73, Monday–Friday, 8am to 6pm nationally.

Email: skilling@education.gov.au

The National Training Complaints Hotline uses the services of the Translating and Interpreting Service and National Relay Service.

The procedures set out in this document do not replace or modify procedures or any other responsibilities, which may arise under other policies or under statute of any other law. Nothing in this policy and procedure limits the rights of individuals to take action under Australia's Consumer Protection laws. In addition, these procedures do not circumscribe an individual's rights to pursue other legal remedies.

Enrolment status

Where a student chooses to access this policy and procedure, ACBC will maintain the student's enrolment while the complaint handling process is ongoing.

Record keeping & confidentiality

A written record of all complaints handled under this procedure and their outcomes shall be maintained for a period of at least 2 years to allow all parties to the complaint appropriate access to these records, upon written request to the Director of Studies. These records will be maintained at ACBC premises or in secure storage.

All records relating to complaints will be treated as confidential and will be covered by ACBC's APP Privacy Policy.

2.12 FEES, CHARGES & PAYMENTS

Requests for a refund based on extenuating or compassionate circumstances will be considered on a case-by-case basis.

If a student's enrolment is terminated by ACBC for misconduct or breach of College regulations, no refund of tuition fees will be given.

If for any reason ACBC is unable to provide your course, we will repay you 100% of the tuition fees you have already paid for the course. In this case, you will receive a refund within 2 weeks after the day on which the course ceased to be provided. ACBC will provide students with a written statement of the refund.

This agreement, and the availability of complaints and appeals processes, does not remove the student's right to take action under Australia's consumer protection laws. Students seeking to make an external complaint about any administrative decision should do so after following the college's appeals processes by contacting:

NSW Department of Fair Trading

Telephone 13 32 20

www.fairtrading.nsw.gov.au

This refund policy will be made available to students and prospective students by publication in the Student Handbook and ACBC's Enrolment Agreement.

Fees payable

For fee paying students who are not on VET FEE-HELP, fees can be paid in 9 instalments for Diploma courses and ten installments for Advanced Diploma courses spread over the duration of the course.

2.14 STUDENT WELFARE, COUNSELLING & SUPPORT SERVICES**Academic and Vocational Counselling**

Academic or vocational counselling and support is available at no charge to enrolled students.

Support Services

ACBC has designated qualified Careers Advisors to deal with students at each campus. Students are offered advice and referral in the following:

- Language Literacy and Numeracy support (LLN)
- Health
- Legal matters
- Domestic violence
- Sexual assault
- Housing

Where a Trainer or other ACBC staff member identifies that a student may benefit from additional learning support in the areas of written English, comprehension or mathematics, an LLN Learning Support Plan will be recommended. This may include a requirement to attend structured additional study groups facilitated by specialist LLN Tutors. Campus Managers will manage LLN Learning Support Plans. Students who decline to participate in

additional LLN support where recommended by ACBC may have their enrolment reviewed at the discretion of the Director of Studies or delegate.

Personal Counselling

Students experiencing personal problems affecting their study may approach a Careers Advisor to seek to resolve the issues. Where additional support is required, students will be assisted to access support from an external qualified counsellor. All student counselling is treated in the strictest of confidentiality.

2.16 POST PROGRAM SUPPORT

Enrolled students are provided with assistance in job seeking, resume preparation, interview skills, vocational advice, mentoring, etc. Students are advised of the particular support available with each program.

3. ENTRY REQUIREMENTS

Students must meet qualification entry requirements as prescribed in the relevant Training Package.

In addition, ACBC also has the following requirements:

- Advanced Diploma qualifications require completion of Year 12 of the NSW Higher School Certificate or its equivalent or mature age entry
- Diploma qualifications require completion of Year 11 of NSW Higher School Certificate of its equivalent or mature age entry, except for Diploma of Accounting, which requires the completion of Year 12
- Certificate level qualifications require completion of Year 10 Certificate or its equivalent or mature age entry

Entry into some qualifications may require the completion of a Prohibited Person Declaration and consent to the Working with Children Check.

ACBC qualifications are designed to assist students to enter the workforce as soon as possible after graduation and prepare them to be a productive employee from day one in their chosen career.

Our qualifications are designed so that people of all levels of ability are able to benefit from vocational skills training. Our philosophy is to place more value on how students perform at each qualification level of a program than on their HSC scores.

4. VET FEE-HELP

Australian Careers Business College (ACBC) is an approved provider under the VET FEE-HELP loan scheme. Under VET FEE-HELP, students can obtain a loan from the Australian government to pay for all or part of their tuition fees when undertaking a VET accredited Diploma or an Advanced Diploma course at an approved VET provider. VET providers must be approved by the Department of Education, and Training in order to be able to offer this assistance.

Students applying for a VET FEE-HELP loan are subject to a loan fee of 20% charged by the government.

Students repay their loans through the Australian taxation system once they are working and they reach the minimum repayment threshold for compulsory repayment. In 2015-16 the threshold is \$54,126.

To be eligible applicants must be an Australian Citizen, eligible NZ citizen or the holder of a permanent humanitarian visa and residing in Australia all through the course for which they are receiving VET FEE-HELP Assistance.

5. ATTENDANCE REQUIREMENTS

Courses offered at ACBC require students to attend all scheduled class activities and practicums. Many of the assessments required for courses involve group work and class-based activities.

If a student's attendance rate is determined to be unsatisfactory, a Campus Manager or Careers Advisor will meet with the student to discuss the matter and try to resolve the situation in the best way possible. If after consultation with the Campus Manager or Career Advisor, the student does not maintain the required attendance level, the student may be suspended from the College or have their enrolment cancelled.

Part-time employment and personal appointments including doctor's appointments should be arranged outside of College hours to avoid attendance levels being affected. Students must:

9. SUBMISSION OF ASSESSMENTS (including failure to Submit Policy)

Completed written assessments are due to be submitted either (a) electronically via CloudAssess or (b) in some cases handed in to your Trainer (e.g. hard copy assignment, projects, portfolios etc.) by 9.00 a.m. on the date advised by your Trainer.

Submitting Assessments

- 1) You are entitled to THREE (3) attempts for each assessment, but only if each assessment is submitted by the due date and is complete. This means that when you submit your assessment (with all sections and questions complete) on time, but it is

Not Yet Satisfactory (NYS), you will have another TWO (2) attempts to demonstrate a **Satisfactory (S)** result.

- 2) If your first attempt is not submitted by its due date, or it is submitted but is incomplete, you will forfeit the first two attempts and only have ONE (1) final attempt to gain a **Satisfactory** result.
- 3) If you are **NYS** on the first attempt, but fail to resubmit your assessment on the second attempt (resubmission) due date, you will forfeit your final attempt and will receive a Final Result of **NYS** for the assessment and a Final Result of **Not Yet Competent (NYC)** for the unit.
- 4) If your second attempt (the resubmission) is submitted on the due date, and a genuine attempt is made to rectify the gaps outlined by your trainer in Marking Guide feedback, but you are still **NYS**, you will have a final attempt to rectify the assessment. You have **THREE** days from the day you receive assessment feedback from your trainer.
- 5) If you resubmit the assessment in its original state and no changes have been made, the assessment will receive a Final Result of **NYS** and no further attempts will be granted.

In order to gain your full qualification, you must demonstrate competency in each Unit of Competency in your course. If you fail to do so, you will be provided with only a Statement of Attainment for the units you have successfully completed.

Very Important Please note:

- Students must submit **COMPLETE** work for all sections of the assessment, in order for the first attempt of the assessment to be accepted.
- Incomplete assessments will not be accepted, and the student will be advised that this is a Non Submission. The student will forfeit their first and second opportunity leading to one further submission being available to them.

In class Assessments and Tests

Students must undertake in-class assessments/tests on their due dates. If a student is absent from College on assessment day, the same procedure and outcomes applicable to Failure to Submit Written Assessments will come into force.

If you do not understand any part of this process, please discuss it with your Trainer or Campus Manager.

10. ASSESSMENTS / INAPPROPRIATE ACTIVITIES

Cheating of all forms either during assessments or copying of assignments will not be tolerated.

A person found cheating in a particular unit of competency will be excluded from that unit and will have to repeat that unit when next offered.

If a student is found to have plagiarised they will receive a warning and have to submit their assessment using their own work. If a student plagiarises a second time a second time in any other assessment, they will be deemed NYC for the unit where the second plagiarism takes place. A third offence may be subject to instant dismissal from the course.

12. ORIENTATION

Students will be given a full orientation on an appointed day approximately one week before courses commence.

What is Orientation?

An Orientation session is arranged for all students. The Orientation program is designed to give you important information that will help familiarise you with your campus, support services provided and the course you are enrolled in. 18. IMPORTANT LEGISLATION WHICH AFFECTS A NSW RTO

Vocational Education and Training (VET) is a term used to describe education and training arrangements designed to prepare people for work or to improve the knowledge and skills of people already working in Australia. The National Vocational Education and Training Regulator Act 2011, governs the registration of RTO's in NSW.

Workplace Health and Safety

Workplace Health and Safety in NSW is governed by the Workplace Health and Safety Act 2011. This legislation describes the general requirements necessary to ensure a safe and healthy workplace, and is designed to reduce the number of injuries in the workplace by imposing responsibilities on individuals and organisations.'

Under this legislation, a duty of care is imposed to detect unsafe conditions and behaviours and to fix them, or when a person does not have the authority, reporting them to the appropriate authority together with suggestions for control. The objects of this legislation are:

- to secure and promote the health, safety and welfare of people at work;
- to protect people at a place of work against risks to health or safety arising out of the activities of persons at work;
- to promote a safe and healthy work environment for people at work that protects them from injury and illness that is adapted to their physiological and psychological needs;
- to provide for consultation and co-operation between employers and employees in achieving the objects of the legislation;
- to ensure that risks to health and safety at a place of work are identified, assessed and eliminated or controlled;
- to develop and promote community awareness of occupational health and safety issues;
- to provide a legislative framework that allows for progressively higher standards of Occupational Health and Safety to take account of changes in technology and work practices;
- to deal with the impact of particular classes or types of dangerous goods and beyond, place of work.

Compensation

The Workers Compensation Act 1987 and Workplace Injury Management and Workers Compensation Act 1998 deal with the process for compensating individuals who are injured in the workplace and facilitating their effective return to work.

Discrimination & Equal Employment Opportunity

The Anti-Discrimination Board was set up under the NSW Anti-Discrimination Act 1977. Its role is to promote anti-discrimination and equal opportunity principles and policies throughout NSW.

Discrimination means treating someone unfairly because they happen to belong to a particular group of people. For example, it is illegal to discriminate against someone because of their sex, race, age, marital status, sexual preference, disability, transgender or transsexuality, responsibility as a carer or because of their relationship or association with someone else.

Many people are often unsure of the difference between discrimination and equal employment opportunity (often called EEO). EEO is about making sure that workplaces are free from all forms of unlawful discrimination and harassment and providing programs to assist members of EEO groups to overcome past or present disadvantage. This means having workplace rules, policies, practices and behaviours that are fair and do not disadvantage people because they belong to particular groups.

In addition, organisations should aim to create an environment where all workers are valued and respected and have opportunities to develop their full potential and pursue a career path of their choice.

Educational institutions should be harassment free and this applies equally to staff as well as students. Harassment may include:

- deliberate physical contact displaying sexually graphic or offensive materials;
- victimisation, bullying or destruction of personal belongings;
- intimidation, abuse or indecent exposure;
- persistent staring or rude gestures, obscene or threatening phone calls and letters.

Under the Racial Discrimination Act 1975 (Commonwealth) it is against the law to treat someone unfairly or harass them because of their race, colour, descent or national or ethnic background in relation to:

- access to public places and facilities;
- advertising;
- education;
- employment;
- land, housing and accommodation;
- provision of goods and services;
- membership of trade unions and professional bodies.

Educational institutions must ensure that training takes place in an environment free of discrimination, harassment, victimisation and bullying.

Disability Standards

The Disability Standards for Education (2005) ('the Standards') are formulated under the Disability Discrimination Act 1992 (Commonwealth). The Standards require education providers (including RTOs) to take reasonable steps to ensure that students with disabilities are provided with opportunities to realise their individual potential through their participation in education and training on the same basis as students without disabilities, and that they are not subject to discrimination.

The standards set out a process whereby educational institutions can meet their obligation, which includes a requirement to make reasonable adjustments where necessary.

The process includes:

- consultation with the student;
- consideration of whether an adjustment is necessary;
- if an adjustment is necessary, identification of a reasonable adjustment;
- making the reasonable adjustment.

If an educational institution complies with this process, then they have complied with the standards, and they cannot be said to have discriminated. Even though educational institutions are required to make reasonable adjustments, they are exempted from making adjustments that would impose unjustifiable hardship on them.'

Privacy

Educational institutions must acknowledge and respect the privacy of individuals as required by the Privacy Act 1988 (Commonwealth) and the Privacy Principles espoused under the Act. ACBC has in place a Privacy Policy, which meets the requirements of the Privacy Act 1988 (as amended). This includes the Privacy Amendment (Enhancing Privacy Protection) Act 2012 (Privacy Amendment Act) and subsequent Privacy Regulation 2013, made under the Privacy Act, which commenced in March 2015.

Educational institutions will usually collect information from students (or prospective students) to provide them with information about study opportunities, course administration, academic information and to maintain proper academic records. Provision of personal information is voluntary but if this information is not provided by a prospective student, an educational institution may be unable to enrol them in a qualification or supply them with appropriate support.

Information provided to an educational institution must not be disclosed to any third party unless the institution has informed consent to do so, or unless required or authorised by law.

An educational institution must take all reasonable security measures to protect personal information from unauthorised access, misuse or disclosure. Educational institutions must also take all reasonable steps to ensure that personal information, which is collected, used or disclosed is accurate, complete and up-to-date. Students have the right to access their personal information and can request that incorrect information is corrected or deleted. Access to this information is usually made available by applying to the institution in writing.

Young People

In relation to students under 18 years of age, educational institutions must comply with the Commission for Children and Young People Act 1998. Under this legislation, prohibited persons (people who have committed serious sex offences against children or adults, or serious physical assault, kidnap or murder offences against children) are prevented from working in child-related employment. Educational institutions are required to undertake “Working With Children” background checks on all staff that are recruited to a position that works directly with children to determine whether they indicate any risk to children.
